EXPERIENCE

Darma.ai | Early-stage Startup

Senior Product Designer & Strategist - AI-Native Products

Jul 2025 – Present

- Led end-to-end UX design of an AI executive assistant at early-stage startup, from onboarding and authentication flows to account management and email scheduling with full product ownership and direct collaboration with the CEO, COO, and a team of 8 engineers.
- Owned product strategy and roadmap prioritization for an AI executive assistant, ruthlessly prioritizing based on user impact and engineering capacity; ran sprint planning and retros to maintain delivery velocity in a distributed, early-stage team.
- Designed experiences built on top of generative AI, translating complex product logic into simple, intuitive flows: system states, edge cases, alternative paths, and acceptance criteria documented for engineering hand-off through Figma and Linear.
- Designed the full product ecosystem across web, mobile, and iOS, owning the UX/UI across every surface and environment the product lived in.

Fail Fast | Caixa Bank

UX / UI Product Designer

May 2024 – Jul 2025

- Led the design and implementation of new features in CaixaBank's app, collaborating with cross-functional teams to improve user experience.
- Created user-centric interfaces to enhance accessibility and boost engagement across platforms.
- Collaborated with Product Owners and Developers to ensure design consistency and seamless integration of features.

Strands

Product Designer

Apr 2023 – May 2024

- Developed and implemented design solutions for multiple product lines, improving UX/UI across platforms.
- Drove the adoption of design thinking within the organization to enhance project delivery and collaboration.
- Worked closely with stakeholders to create wireframes, prototypes, and user flows to optimize user experience.

Catorce (14) | CUPRA

Digital Service Designer

Oct 2022 – Apr 2023

Impacted by mass layoff

- Led the full end-to-end service design process, from user research to implementation, for multiple products.
- Conducted user research to improve user flows and collaborated with engineers to ensure smooth design implementation.
- Developed high-fidelity prototypes and worked on iterative design improvements for ongoing products.

EDUCATION

Memorisely

UI Design Bootcamp

2023

Google UX Design Certificate

Focused on wireframing, user research, and usability testing to improve UI/UX design processes.

2022-2023

ELISAVA

Bachelor's in Industrial Engineering – Product Design

2017–2021

SKILL

Technical: Claude Code, Figma, Adobe XD, Illustrator, InDesign, Photoshop, Sketch,

Soft: Collaboration, Problem-Solving, Leadership, Teamwork, Communication

UX/UI Design: User-Centered Design, Wireframing, Prototyping, Interaction Design, Visual Design, Design Systems

Methods: Design Thinking, User Research, Agile/SCRUM, A/B Testing

Languages: Spanish (*Native*), English (*Fluent*), Catalan (*B2*)

Certifications & Training:

- UX design introduction - Domestika
- Foundations of User Experience (UX) Design- Coursera
- Enterprise Design Thinking Practitioner - IBM
- Start the UX Design Process: Empathize, Define, and Ideate - Coursera
- Build Wireframes and Low-Fidelity Prototypes - Coursera
- Enterprise Design Thinking Co-Creator - IBM
- Conduct UX Research and Test Early Concepts - Coursera
